BRANDON BAKER

A: 2727 Abigail St SE, Grand Rapids MI, 49506 **P:** (616) 427-6168 **E:** polarbrandon2@gmail.com **W:** brandonbakercodes.com

WORK EXPERIENCE:

Software Test Engineer Intern *May 2023 - August 2023*

Gentex Corporation

- Built and ran Appium test suites to verify IoT related mobile features, catching issues before they reached release.
- Contributed to Scrum ceremonies and tracked testing work and defects in Jira as part of an Agile team.
- partnered with mobile developers to turn new feature requirements into structured test cases and verify functionality.

Web Development and Server Administration *July 2024 - June 2025*

Hymnary.org

- Built and maintained features and resolved application and database issues on a platform serving ~16M annual users, using PHP, JavaScript, and MySQL on an existing LAMP stack.
- Developed database migrations and restructured legacy data as part of a Drupal core upgrade, improving code consistency and fit with current needs.
- Administered Linux web servers over SSH, handling deployments, updates, configuration changes, and monitoring.

Product Manager *June 2025 - September 2025*

Hymnary.org

- Built relationships with ~50 local churches, creating a direct feedback channel between users and the product team.
- Spoke directly with music directors and church leaders to uncover usability pain points and wishlist items.
- Translated user feedback into recommendations for the development team, prioritizing improvements to ease of use.

Assistant General Manager September 2025 - May 2026

Ace Pickleball Club

- Created a welcoming environment and maintained a positive experience for members through daily interaction and problem resolution.
- Trained and led Member Specialists coordinating daily responsibilities and ensuring club operations ran smoothly.
- Organized and supported club programs, events, lessons, and member activities.

SKILLS:

- **Programming Languages and Technologies:** JavaScript, HTML, CSS, Java, PHP, SQL, Python, C#, C, C++
